ANSHU PRIYA
WEB DEVELOPER

Aspiring Web Developer with a passion for creating clean, efficient, and user-centric web applications. Equipped with strong foundational skills in HTML, CSS, JavaScript, Python and React.js. Seeking an opportunity to kickstart my career in a growth-oriented organization where I can contribute to real-world projects, collaborate with experienced developers, and continue expanding my technical expertise.

WORK EXPERIENCE

Frontend Developer Intern
TechSim Plus, Bhopal
Jun 2024 - Aug 2024

- Created visually appealing web experiences using Html, CSS, JavaScript and React.js.
- Working on projects, handling React props ,components, integrate APIs and JWT authentication in it.

PROJECTS

ImageInsight - Image Detection Web Application (Frontend)
GitHub: **https://github.com/Anshupriya11/ImageInsight**
Build a responsive React.js frontend for an image detection app, enabling users to upload images and view real-time object and face recognition using AWS Rekognition API.
Skills: React.js, JavaScript, REST API

Personal Portfolio Website
GitHub: **https://github.com/Anshupriya11/anshu-priya-portfolio**
Build a responsive and user-friendly portfolio website using React.js and CSS to showcase projects and technical skills.
Skills: React.js, CSS, Responsive Design

CareerNest - Job Seeking Platform
GitHub: **https://github.com/Anshupriya11/CareerNest**
A full-featured job portal built with the MERN stack, enabling job seekers to search and apply for positions, and employers to post and manage listings. Features include secure authentication, CRUD manipulations, role-based access, and real-time application tracking.
Skills: React.js, Node.js, Express.js, MongoDB, JWT, API Integration

Shu's Flavour Fusion - Restaurant Website
GitHub: **https://github.com/Anshupriya11/Shu-s-Flavour-Fusion**
A responsive restaurant website built with the MERN stack, offering users an intuitive interface to explore menus, place orders, and manage reservations seamlessly. Features include secure authentication, real-time reservation tracking, and a user-friendly design for optimal dining experiences.
Skills: React.js, Node.js, Express.js, MongoDB, JWT, API Integration
